Work Experiences

Cortopia AB   Sep 2024 - Jan 2025

Unity | C#

- Collaborated within a Scrum and Agile environment as part of a 10-person multidisciplinary team.
- Designed and implemented engaging gameplay and interactive features for a VR project.
- Gained hands-on experience in virtual reality development, with a strong focus on user experience and immersive audio design.

Internship   Jun 2024 - Jul 2024

Unreal Engine 5 | C++ & Blueprint

🔗 AI development contributions

Lead AI Programmer

- Spearheaded the transition from Blueprint to C++ to enhance performance and maintainability.
- Collaborated with designers to deliver consistent, feedback-driven AI behavior.
- Refactored AI systems into modular components to streamline future development.
